

Hello All,

The Spokane County and Airway Heights ORV Park are revising their Master Plan for property use in the long term. They currently have three scenarios that are being considered, of these three scenarios only one includes the retention of the Spokane Kart Racing Associations home track.

If you could take some time to show support for the retention of the Spokane track by voting for the 1st scenario it could go a long way in ensuring the future for Karting in Spokane Washington. The survey closes on April 2nd, 2021.

Thanks in advance for your support
