

Fellow racers,

As we are getting busier on the weekends we are bringing in some volunteers/track workers to guide the day and make sure everyone has a good time. We would appreciate your cooperation in making sure everyone has a good time.

Here you will find a PDF with some supervisor guidelines we are sending to our volunteers. [track supervisor.pdf](#) We are instructing the supervisors to follow these guidelines to the T. Please take a minute and go over them. It is a very useful document that you should read.

There is one line in the document I would like to highlight. ***Decisions made by a track supervisor during a T&T session are final and not up for debate.*** If you feel something wasn't right, contact someone from the board and we will address your issue.

As mentioned it's our goal to make it a positive experience for all members. Sometimes when it's very busy at the track a person could feel that his needs or goals are not met for that day because of less track time, traffic on the track etc.. Please remember that the track is open 365 days of the year, and there is always another day!

Thank you all for helping making WCKC awesome as it is!

Erik Gerlof

President WCKC
