

Good evening fellow racers,

Please note that as of immediate the restriction of one driver, one helper has been lifted. As of today you can bring any other member of the same household to join your party when going to the track. BC regulations state that we can't have spectators yet so we have to be keep that one in mind.

Besides that we increased the allowed number of drivers at the track for test & tune.

If all is well Phase 2 of the BC plan will be in effect after the weekend.

We will review what can be done and remove as many restrictions as we are allowed.

Thank you for being patience with us and helping the club navigate through the rules that has been put upon the club.

Erik Gerlof
President WCKC
