

Fellow racers,

Race 6 is in the books! Thank you for all the out of towners for joining us this race. We hope to see you all again soon!

For those who ran Rotax Masters, there was a red flag incident in turn 5 and the guy involved would like to know if there is GoPro footage he could see so he can understand and learn from what happened. Any footage can be sent to: [franks@regencyauto.com](mailto:franks@regencyauto.com).

The driver involved will be in the hospital for a few more days before recovering home. Even though these are challenging times for him the driver is in good spirits and didn't lose his great sense of humor.

Erik Gerlof
