

Fellow racers,

We had a busy weekend at the track! With the Canadian Open behind us, and some other regional races around the corner the attendance for race 7 is still there, but a little bit lower than a normal racing weekend. We will go "old skool" again and combine Junior and Senior into one day. Just like the old days!

What does this mean? We will have the track available for Test & Tune on Saturday. There will be a track supervisor but no other staff so we will run test & tune regulations (max 10 karts on track, no competitive passing). Racing will be on Sunday as per schedule below. Note, some classes might be merged depending on participation and to the race directors discretion.

Practice will be FREE OF CHARGE Saturday for anyone (members and non members), who registered for the race on Sunday.

Please make sure all the information on your registration form is correct as timing and scoring will have less time to setup scoring.

In regards to the championship, we decided in the beginning of the season not to have a championship for 2021 due to the missed races in the beginning of the season.

Erik Gerlof
WCKC

Schedule for Sunday:

8.00AM TO 10.00 AM REGISTRATION

WARMUP 1 SESSION (6 MIN EACH) .
